

HARMONICS TWINS 33

Smart TWS Earpods

TRUE WIRELESS FREEDOM

MRP : 3499

It's all about the Hi-Fi Bass - Equipped with composite Membrane Drivers, the earbuds deliver a wider sound range with exceptional accuracy and superior Hi-Fi Stereo Sound across the entire frequency range. Experience a whole new world of magical music.

Redefine Comfort - We refined the details of comfort, creating an excellent class of in-ear headphones with a customizable fit that forms an exceptional experience of premium comfort.

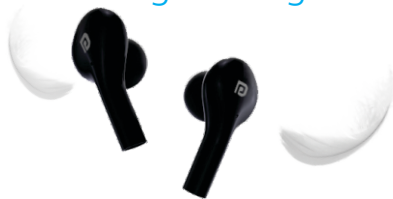

For the long hauls - The Wireless Charging Case extends playtime up to 27 hours, and a 6-hour playtime to keep you and your Twins 33 on the go. Get stable and fast charging with a USB-C cable- just charge for 5 minutes and enjoy 30 mins of interruption-free playtime

Smart Touch Control - From Siri to Google your virtual assistant is just a touch away. Installed with high-sensitivity touch sensors, the Twins 33 detect every touch. Softly tap on the earbud to skip songs, adjust the volume, answer/reject calls- all without picking up your phone.

Cut out the extra Noise - Smart noise- reduction tech allows the wireless earbuds to cut ambient noise over 50dB and retains 98% of your voice with frequencies from 200Hz to 3000Hz, so you can say goodbye to extra noise.

Unleash the Athlete in you - IPX4 water resistance makes them ideal for intense workouts and runs, for the enthusiast in you.
