

BOULT AUDIO

BOULT AUDIO TRUEBUDS User Manual

For better sound quality experience, suggest use
IOS 8.0/ Android 4.3 or above operation system.

Please refer to the safety precautions mentioned on the last page of this manual before operating this device.

Pairing

When using it for the first time (or not using it for a long time), please make sure to charge the earbuds and charging box before use.

- Open the charging case and take out the earbuds, the earbuds will turn on automatically and enter into the pairing mode.
- The phone turns on Bluetooth, searches for the Bluetooth name "Boult Audio TrueBuds" to connect.

Tips:

1. When the red & blue lights of the master earbud flash alternatively, and the slave earbud indicator flash blue slowly, the earbuds are ready to pair with your Bluetooth device.
2. When the earbuds indicator flash blue slowly, they have connected with cellphone.

3. While using earbuds again, take the L/R earphones out of the charging case and the L/R earbuds will power on and connect to each other automatically, also the master earbud will connect to the bluetooth device automatically, (The last connected Bluetooth device.)
4. Both earbuds can be used separately.

|  | Next Song |  | Double-Clickk |
|  | Volume + |  | Press 3S(right earbuds) |
|  | Volume - |  | Press 3S(left earbud) |
|  | Answer Call/Hang up |  | Click |
|  | Reject Call |  | Press 2S |
|  | Voice Assistant |  | Press 2S |
|  | Power On |  | Open the Case Cover/Press 3S |
|  | Power Off |  | Close the case cover/ No Connected in 10 Minutes |

Warm Tips:

1. When adjusting the earbud volume, please press the operation area of the earbud without releasing until it reaches the desired volume.
2. Please use the earbud in reasonable volume and time, otherwise it will damage your hearing if you listen the music for long time in high volume.
3. In the Mono mode, earbuds cannot adjust the volume. You can adjusted it by phone.

Charging

Charging for the charging case

- When charging the indicator light flashes white light.
- When fully charged, the 4 white indicator lights keep lighting, please disconnect charging devices from the charging case.

Charging for earbuds

- When charging, the indicator light flashes red light.
- When fully charged, the indicator goes out, the charging case will power off automatically.

How to reset

If the earbuds cannot be connected to the mobile device, or the left and right earbud cannot be connected normally, please use the following reset method to solve the problem.

Open the charging case and take out the earbuds, when the earbuds flash blue lights, long press the left and right earbud touch control area for 5 seconds at the same time. The earbuds indicators flash red and blue light alternately and then release. They will enter into pairing mode automatically.

Note: Please long press when the earbuds flashes blue light, but long press is invalid when flashes red and blue light.

- Long press for 5s

- Pairing automatically

- Search the Bluetooth and connect
