CHARGING YOUR EARPHONE

Your Bluetooth earphone come with a built-in rechargeable battery and a Type-C charging cable

Charge fully before use
Using the charging cable through the corresponding port to charge the battery, the LED Indicator will show red, while charging, and show blue once fully charged. Charging time is approximately 1 hrs.

GETTING STARTED

To use your Bluetooth earphones, Please follow the steps below.
1. Ensure your Bluetooth earphones are fully charged.
2. Pair your Bluetooth earphones to a Bluetooth- enabled device prior to use. (See Pairing Instructions)

Powering On the Earphone
Press and hold the Multi- Function Button for 3 seconds until blue light on

Powering Off the Earphone
Once powered on, press and hold the Multi- Function Button for 3 seconds until red lights on and out.

PAIRING YOUR EARPHONE

1. Power on your bluetooth earphones and it will enter pairing mode automatically after 6 seconds, if it is not already paired with any devices. If it already gets connected to a paired device, please disconnect it from that paired device to enter pairing mode again.
2. Activate the bluetooth function of your devices and start to search.
3. Select "BOULT AUDIO QCHARGE" from the listed devices and connect.
4. The indicator will flash blue every 10 seconds once successfully paired/connected.

Note:

1. The earphones should be with in 30ft range from your Bluetooth devices while pairing/playing.
2. The earphones will automatically power off without connection for 5 minutes
