TECHNICAL SPECIFICATIONS

Please read below suggestions in order to help prolong the product lifespan and clearly understand the warranty clauses:

- Gamers need to hydrate after a long match. That is not the case with our products, so **Keep the product dry, do not put it in humid conditions to avoid a short circuit.**

- We understand you carry the fire of a gamer within you, but please, **Do not expose it to the peak sun or high heat for extended periods of time as this will shorten lifespan of electronic components, damage battery and deform some plastic parts.**

- You may be Captain Cool leader of your squad but our products work best without a cold environment, so, **Do not put it in cold circumstances to avoid damage to the PCB board.**

- We know you are tech geeks and can build your own gaming PC from scratch, but, **Do not attempt to dismantle the product, as it may be unsafe especially for non-professionals.**

- Gamers are tough and our products are tougher, but please **Do not use chemical products, detergent, oily liquids to clean the item.**

- In game, the bullets and knives are the norm however, **Do not scratch the surface with sharp items to avoid damaging the case and appearance.**

- We understand your passion for power, but in this case, **Less is More**, so, **Do not charge the product for more than 5 hours to avoid loss in battery life.**

- Being immersed in the game is one thing, yet **Avoid hearing music at maximum volume for long periods as this can affect your hearing and is not advisable.**
