CHARGING THE CASE

Our Charging Speed makes sure to leave your enemies in the dust ! So Charge up and get going !!

Note:Please only use a 5V/1A adapter to charge the case as higher voltage adapters can destroy the battery of the case and earbuds

Charging the Case: When charging the case, lights will do a breathing effect.

Fully Charged: : When the case is completely charged, the light will turn OFF.

Low Charged: : When the case battery is low, the case lights will flash until the case is completely turned OFF.

CHARGING THE EARBUDS

Tired from defeating your rivals? Well our earbuds need a quick break too before they are back on the field with you.

Note: - Remove the protective layer from the earbud's charging point before charging the earbuds.

Earbuds Charging: When earbuds are placed inside the charging case, the lights on the earbuds will turn ON, indicating that the earbuds are being charged.

Earbuds Completely Charged: When the earbuds are completely charged, the lights on the earbuds will go OFF.

RESETTING THE DEVICE

On the rare occasion you might need to reset the earbuds, here's a quick guide after which you can get back into the grind!

Please follow the below steps when you see two "Phantom 760" in your Bluetooth device menu on your mobile, or you can hear music through only one earbud. This means the left and right earbuds have not auto-paired with each other:

Step 1: Disconnect the earbuds and remove "Phantom 760" from your mobile list of paired devices.

Step 2: Tap the sensor on either earbud five times quickly to clear the pairing data. The LED on both earbuds will turn ON and then OFF after 3 seconds.

Step 3: Put them back into the charging case and "Phantom 760" is ready to use on auto ON & auto pairing.

The Reset process is complete, and you can hear music through both earbuds.

SAFETY AND MAINTENANCE

Please read the below suggestions to help prolong the product lifespan and clearly understand the warranty clauses:

• Gamers need to hydrate after a long match. That is not the case with our earbuds, so **Please keep the product dry, do not put it in humid conditions to avoid a short circuit.**

• We understand you carry the fire of a gamer within you, but please, **Do not expose it to the peak sun or high heat for extended periods, as this will shorten the lifespan of electronic components, damage the battery and deform some plastic parts.**

• You may be the Captain Cool leader of your squad, but our products work best without a cold environment, so **Please do not put it in cold circumstances to avoid damage to the PCB board.**

• We know you are tech geeks and can build your gaming PC from scratch, but, **Please do not attempt to dismantle the product, as it may be unsafe, especially for non-professionals.**

• Gamers are tough, and our earbuds are tougher, but please **Do not use chemical products, detergents, or oily liquids to clean the item.**

• In game, the bullets and knives are the norm however, **Do not scratch the surface with sharp items to avoid damaging the case and appearance.**

• We understand your passion for power, but in this case, Less is More so **Do not charge the product for more than 5 hours to avoid loss in battery life.**

• Being immersed in the game is one thing, yet **Avoid hearing music at maximum volume for long periods as this can affect your hearing and is not advisable.**

Note: Any damage to the product that is not a manufacturing defect will render the warranty null and void. Therefore, please take utmost care of your product.
