

LUNAR CONNECT ACE

LUNAR CONNECT ACE

Thank you for choosing the boAt Lunar Connect Ace as your fitness transformation companion.

Allow this manual to guide you through the functioning of your smartwatch. Please read it thoroughly before using it for a smooth sail. You may refer to these instructions for later use as well.

USER MANUAL

PACKAGE CONTAINS:

- boAt Lunar Connect Ace x1
- USB Magnetic Charging Cable x1
- User Manual x1
- Warranty Card x1

CHARGING THE WATCH

The smartwatch must be charged before initial use. It takes up to 2 hours to be fully charged. Connect and charge the watch with the image below as a reference, using a 5V/2A adapter.

TURNING THE WATCH ON/OFF

To restart or turn the watch on/off, long-press the side button for 3-5 seconds. You can wake up the screen by lifting your wrist.

CONNECTING TO THE APP

1. Download the boAt Crest app on your phone. Available on both App Store (iOS 12.0 and above) and Google Play Store (Android 7.0 and above). OR

Scan [QR CODE] (Also available on the watch)

2. Connect the device with the boAt Crest app; ensure that the phone's Bluetooth as well as the GPS functionalities are turned on.
3. Select Lunar Connect Ace on the home screen of the app and click pair to connect.
4. Once connected, you will get an alert to connect with LCONNECTACE, click pair if need to receive or make calls from the watch.
5. To use all features of your Lunar Connect Ace seamlessly, tap on 'yes' to the 'connection' and 'grant access' system prompt.
6. Disable battery optimization.

Note: To ensure connectivity throughout your journey, make sure the app is allowed to run in the background of your phone at all times.

SYNCING YOUR SMARTWATCH TO THE APP

Data Synchronization

- Open the app on your phone.
- Make sure your Lunar Connect Ace is connected to the app.
- Synchronization will start automatically once you enter the app interface.

Note: Synchronize data at least once a day to avoid data loss in the watch.

NAVIGATING THROUGH THE FUNCTIONS

SWIPE LEFT FOR MAIN MENU

Activity Tracker

Click on this to check your daily activity data like step count, calorie, active minutes, no. of times you were standing, distance covered.

Phone

To use the BT Calling feature, open the boAt Crest app and pair the watch.

Click on "pair" to connect with the phone's Bluetooth. Alternatively, you can enable watch BT and go to phone's Bluetooth settings and pair "LCONNECTACE" to start the calling feature on your watch.

Call history will show the latest call details. User can have 20 contact numbers in the watch itself.

Spo2 Monitor

Wear the watch on your wrist, then click on the icon to start measurements. You can also view the data on the app.

Note: Measurements are for reference only and not for medical purposes.

Workout

Choose from multiple sports modes like outdoor run, outdoor walk, indoor walk, indoor walk, long jump, indoor run, strength training, football, basketball, table tennis, badminton, indoor cycle, elliptical, yoga, cricket, mountaineering, golf.

Tap on any sport mode to start the activity, you can pre-set your goal as well for each activity. Press the side button to pause or stop the activity. If the activity is less than 3 mins, it will not be recorded.

Note: Sync your smartwatch to the app to get the detailed analysis.

Heart Rate Monitor

Wear the watch on your wrist, then click on the icon to start measurements. You can also view the data on the app.

Note: Measurements are for reference only and not for medical purposes.

Sleep Monitor

Tap on the icon to review the sleep data of the previous night. Watch is default to record user's sleep of 24 hours (the whole day). If app can set the monitoring duration, it will update accordingly.

Once you lie down and watch detects Less/No movement and meets the sleep patterns, it will start recording, and will stop recording if it detects excessive movement.

You can check the data on the app only after the awake criteria is met. You can also track sleep scores on the boAt Crest app.

Note: For accurate sleep data recording, the asleep criteria have to be met which includes limited movement, wrist positions and angles, and more.

The awake criteria will be met only after it records some noticeable movement.

Workout records

You can view the records of your workouts here.

Women Health

Enable and set the details on the boAt crest app and get the alerts of your period and ovulation dates on the watch.

Weather

Connect with the boAt crest app to get daily weather updates on the watch.

Frequent Contacts

Connect with the bluetooth and get all the frequently contacted numbers and contact on the watch.

Call History

You can find recently received, missed and outgoing call logs in the Call History of the watch.

TOOLS

Music Player

Tap on the remote music control icon on your watch to play music from your phone.

Note: Some apps with different protocols might not work.

Camera Control Mode

Tap on the remote camera icon on your smartwatch to click a photo from your phone.

Note: Turn the camera on from your phone to use this feature.

Find My Phone

Tap on this icon to find your phone. Once enabled, your phone will start ringing and vibrating.

Tap again to stop it.

Note: Your smartwatch should be connected to your phone via Bluetooth and within its range for this feature to work.

Timer

Tap on this to turn on the timer.

Flashlight

Tap on this to turn your dial into a flashlight.

Stopwatch

Click on this to start the stopwatch on your watch.

SETTINGS

Watch Faces

Tap on this icon to change your watch face.

Display

Tap on this to adjust the brightness, set the screen on time, AOD and enable wake gesture.

Note: The battery will last up to 2 days once the AOD is enabled.

Vibration

Tap on this to adjust vibration levels.

Calendar

Click on calendar to check the date, day and month.

Do Not Disturb

Tap on this to disable all notifications except alarms.

GENERAL

Restart

Tap on this to restart your watch.

Power off

Tap on this to switch your watch off.

Factory Reset

Tap on this to reset watch data.

Note: All data will be erased if watch is reset.

About

Shows the device details.

You can awake the screen and can be used as a back button. Click for 3-4 seconds to turn on/off the smart watch.

FAQ

Search for the app to connect keeps failing

1. Keep the boAt Crest app updated to the latest version
2. Close all the programs on the watch -> Stop and restart Bluetooth and GPS -> Connect again
3. Check and enable notification functions of your phone and keep the phone and watch in close contact.

Note: Make sure your phone system meets Android 7.0 and above and iOS 12.0 and above

Breathe

Click on the breath training icon to regulate your breathing with the instructions given to relax.

Alarm

Tap on this to set an alarm on your watch.

Stress monitoring

Click this option to start the stress monitoring. Make sure you wear your watch on your wrist properly to get the accurate results.

Analysis of the measurement is: Relax: 1-29, Normal: 30-59, Medium: 60-79, High: 80-100

Note: Measurements are for reference only and not for medical purposes.

Event reminders

You can create event reminders from the app and get the alerts on the watch.

My Watch Lunar Connect Ace is receiving no alerts, texts, or phone calls

Make sure smart reminders on the app are on and synced to the Lunar Connect Ace. Also make sure your notification center of the phone is displaying messages. Only then will your smartwatch also display those notifications. Make sure app is running in the background and battery optimization feature on the phone is disabled.

My Bluetooth keeps getting disconnected

1. Make sure there is not more than 7m distance between Bluetooth on the phone and the watch.
2. There is no obstacle in between the watch and the phone.
3. Make sure the app is running in background.

Which functions of the Lunar Connect Ace need Bluetooth to work?

Call & Text Notifications, Find My Phone, music control, camera control, weather forecast, cloud and custom watch faces and Bluetooth calling need Bluetooth connectivity to work.

Will it be okay to take a bath wearing the Lunar Connect Ace?

The IP68 water resistance will only work under the following conditions: (1) Maximum depth of water: 1.5m (2) Maximum time for exposure to water: 10 minutes. The watch isn't suitable for hot baths, hot springs, saunas, snorkeling, diving, water skiing and other wading or deep-water activities with high-speed water flow.

SAFETY & PRODUCT INFORMATION

Battery

- Do not disassemble, bore or damage the battery.
- Do not disassemble the built in batteries of non-replaceable battery devices.
- Do not use sharp objects to remove the battery.

HEALTH WARNING

- If you are wearing a pacemaker or other implanted electronic devices, please consult your doctor before using the heart rate monitor of the watch.
- The optical heart rate sensor will glow green. If you suffer from epilepsy or are sensitive to blinking light sources, please consult your physician before wearing this device.
- The device tracks your daily activities through sensors. This data is intended to tell you about your daily activities such as steps, sleep, distance, heart rate and calories, but may not be completely accurate.

- The device accessories, heart rate sensor, oxygen level monitor, and other relevant data is designed for fitness and not for medical purposes. They are not applicable to the diagnosis, monitoring, treatment or prevention of any diseases or symptoms. The heart rate and blood pressure data is for reference only. We're not responsible for any deviation in data.
- Avoid wearing the watch too tightly. Make sure you keep your skin dry - the area that comes in contact with the watch. If symptoms such as redness or swelling appear on your skin, immediately stop using the watch and consult the doctor.

THINGS TO KEEP IN MIND

- Sync data everyday days to avoid data loss.
 - Water Resistance will not work for seawater, acidic and alkaline solutions, chemical reagents and other corrosive liquid. The damage or defects caused by misuse or improper use are not covered by the warranty.
 - Sports modes support up to 6 hours of exercise at a time.
 - Avoid wearing the watch too tight in daily use. Keep the parts of skin touching the watch dry.
 - Keep your arm still while measuring data for accurate measurement.
- Disclaimer: This product is an electronic monitoring product and is not intended as a medical reference. We reserve the right to modify or improve any of the functions described in this manual without any prior notice. At the same time, we hold the right to continuously update the product content.

CAUTION

RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT SUBSTITUTE. DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS. Old electrical appliances must not be disposed of together with the residual waste, but have to be disposed of separately. The disposal at the communal collecting point via private persons is for free. The owner of old appliances is responsible to bring the appliances to these collecting points or to similar collection points. With this little personal effort you contribute to recycle valuable raw materials and treatment of toxic substances.
