Volume Down /
Prev. Track

POWER ON:

When switched off, long press the MFB (Multifunction Button) for 3 seconds. The blue and red LEDs start flashing alternatively after the initial blue LED flash for a second.

POWER OFF:

Long press the MFB for 5 seconds. Red LED blinks once to indicate the device getting switched off.

TO PAIR WITH BLUETOOTH

1. Turn on the Bluetooth functionality on your phone and switch on Rockerz Trinity
2. The neckband's indicator starts blinking in blue & red alternatively to indicate that the earphones have gone into pairing mode
3. Then, select 'Rockerz Trinity' from the list of available devices after search
4. If asked for a passkey, confirm the passkey '0000' on phone
5. Once confirmed, the neckband and phone get connected via Bluetooth indicated by a voice prompt

Note:
• If there's a connection history between the phone and the neckband, then they automatically get reconnected in a working range whenever the neckband gets switched on while the phone's Bluetooth mode is turned on.
• If there's no pairing established in 5 mins then the neckband gets automatically switched off.

Front

CRYSTAL BIONIC SOUND POWERED BY HIFI DSP

Rockerz Trinity offers Crystal Bionic Sound powered by HiFi DSP for a crystal-clear sound quality and device independent built-in HD audio. Double press the Multifunction button to switch to Crystal Bionic Sound powered by HiFi DSP. Once switched, it is notified via a sound prompt 'Balanced Mode'. Double press the Multifunction button again to switch back to boAt Signature Sound.
Enjoy the Music, as you like, just as you deserve.

BEAST™ MODE

Triple press the Multifunction button to switch to Low Latency mode, also known as the BEAST™ Mode. Once switched on, it gets notified via a sound prompt. Triple press the Multifunction button again to turn it off and return to Music Mode.
Made for the Gamers - By Gamers, BEAST™ Mode reduces the latency significantly and improves the overall gaming experience.

ENx™ TECH

Our ENx™ tech algorithm cancels out the background noise so that you can be heard crystal clear via voice calls. One need not activate ENx™ as the mic is equipped with the same and activated by default.
Deliver your voice without interruptions anywhere – traffic, railway stations, airports, work space; literally anywhere!

DUAL PAIRING

To connect your audio headset to two devices simultaneously, firstly connect the earphone to one of the devices. Then, switch off both: the earphone and the device's Bluetooth. Thereafter, connect the earphone to the second device, and again switch on the first device's Bluetooth. The earphone gets connected to both devices. If not, connect the first device manually once again to activate dual pairing.

OTHER FUNCTIONS

If you receive an incoming call during playing music, the music automatically disconnects. When the call is done & disconnected, the music starts to play automatically from where it left

TO CHARGE

- Connect one end of the provided cable to the USB Type C port on the headset and the other end to a wall adapter or laptop
- While charging, the indicator LED turns into steady red
- Once the headphone gets fully charged, the indicator turns off
Note:
• Use only authorized/company chargers for the headset, as unauthorized ones may damage the same & invalidate the warranty on the headset as well
• The earphones cannot be utilized for the purpose of listening while it is in charging mode

ANOMALIES & SOLUTIONS

A. Mobile can't search the headset
Check if the Bluetooth headset is powered on or off (When powered on, the LEDs blink with red and blue colours alternatively) If it is powered on and the device still can't connect, then please reboot the headset device and the phone

B. After connecting the headset with the phone, disconnection or noise occurs
This may be due to the low power of the headset. Please charge the Bluetooth headset There might be obstruction between the headset and the phone or the distance between them exceeds the maximum range for signal reception

C. If the Voice Assistant support doesn't respond
If the voice assistant doesn't get triggered, then the functionality has to be first enabled via your media device's settings

SAFETY CAUTIONS

- This is not a toy. The children are advised to use this under adult supervision.
- Avoid exposing the device to extremely hot or cold temperatures.
- Avoid using the neckband for listening to full volumes in order to protect from hearing damage.
- Please do not use the device under thunderstorms.
- Don't dismantle the product in any way.
- Please don't clean the product using oily volatile liquid.
