## Install SIM and Memory card

Please turn off the phone before inserting the card. This product is only compatible with Nano SIM on both slots of the SIM card holder. Inserting non-standard cards can cause damage to phone SIM card holder. Keep SIM Ejector Tool out of reach of children, to prevent accidental ingestion or impalement.

## How to Transfer Old Mobile Content to a New Mobile

You can use OPPO Clone Phone to easily transfer photos, videos, music, contacts, messages, apps, etc from your old phone to the new one.
1. If your previous phone was a non-OPPO Android phone, search "OPPO Clone Phone" in the Google Play store and install the app.You can also scan the QR code below to install it. If your previous phone was an OPPO phone, you don't need to install this app. Then run Clone Phone on both phones and follow the on-screen instructions.
