

NEW ARRIVAL

 HAVELLS

The background features a series of overlapping, light gray chevron arrows pointing to the right, creating a sense of motion and depth. The arrows are layered, with some appearing more prominent than others, and they are set against a plain white background.

Stealth is a combination of
silence, speed, innovation & aerodynamic design

NEW ARRIVAL

RANGE OF INNOVATIVE FANS

STEALTH
The most silent fan

INNOVATION AT PEAK

BLDC SERIES

HAVELLE

HAVELLE

STEALTH NEO

BLDC

BLDC INVERTER
TECHNOLOGY

- Aerodynamic blades for more Air delivery.
- ECO BLDC technology motor for less power consumption.
- 5 Star fan
- RF type Remote control operation for all direction sensing.
- Premium PU paint finish with dust resistance lacquer on blades.
- Wood film transfer on bottom plate for premium aesthetics.
- Memory back up for last setting in power failures
- Timer setting for 1h, 2h, 3h 4h
- In built voltage stabilization to give constant performance at lower voltages.
- Premium 3 step canopy for better looks.

NOTE : Stealth Neo is also available as  1 star with **ECO ACTIV TECHNOLOGY**.

Pearl White Wood

Mist Wood

STEALTH PRIME

BLDC

Dusk Marbel

- Aerodynamic blades for more Air delivery.
- ECO BLDC technology motor for less power consumption.
- 5 Star fan.
- RF type Remote control operation for all direction sensing.
- In built voltage stabilization to give constant performance at lower voltages.
- Premium PU paint finish with dust resistance lacquer on blades.
- Marble film transfer on bottom plate for premium aesthetics.
- Memory back up for last setting in power failures
- Timer setting for 1h, 2h, 3h 4h
- New telescopic canopy design

Pearl White Marbel

NOTE : Stealth Prime is also available as  1 star with **ECO ACTIV TECHNOLOGY**.

STEALTH WOOD - i

- A stylish, silent and powerful Smart IoT enabled fan.
- Compatible with Alexa and Google home - can be operated with Voice command
- Can be operated with a user friendly Mobile App which allows multiple users / devices to use it
- The fan comes with a remote control as well
- Timer setting for 2h, 4h, 6h, 8h) hours through App
- Different modes: Smart Mode, Sleep mode, Breeze mode for better user experience
- Non IOT option is also available.
- Smart Mode for temperature and humidity sensing

Walnut Cola Chrome

Pinewood Cola Chrome

STEALTH UNDERLIGHT

Metallic Black

- 1250 mm Sweep
- Dust & Mark resistant coating
- Reinforced ABS Blades
- Strong 18 pole motor
- Metallic paint finish
- Dimmable and tunable light
- Edge LED technology

BLDC

Metallic Black

BLDC INVERTER
TECHNOLOGY

- Sweep 1200 mm
- 40 W power consumption
- Aerodynamic profile blade leads to higher air delivery
- Wide blade & high twist angle
- Dust and mark resistant coating
- RF remote control
- Metallic paint finish
- Upto 4 h timer setting
- 52 dB at the highest speed

Elegant White

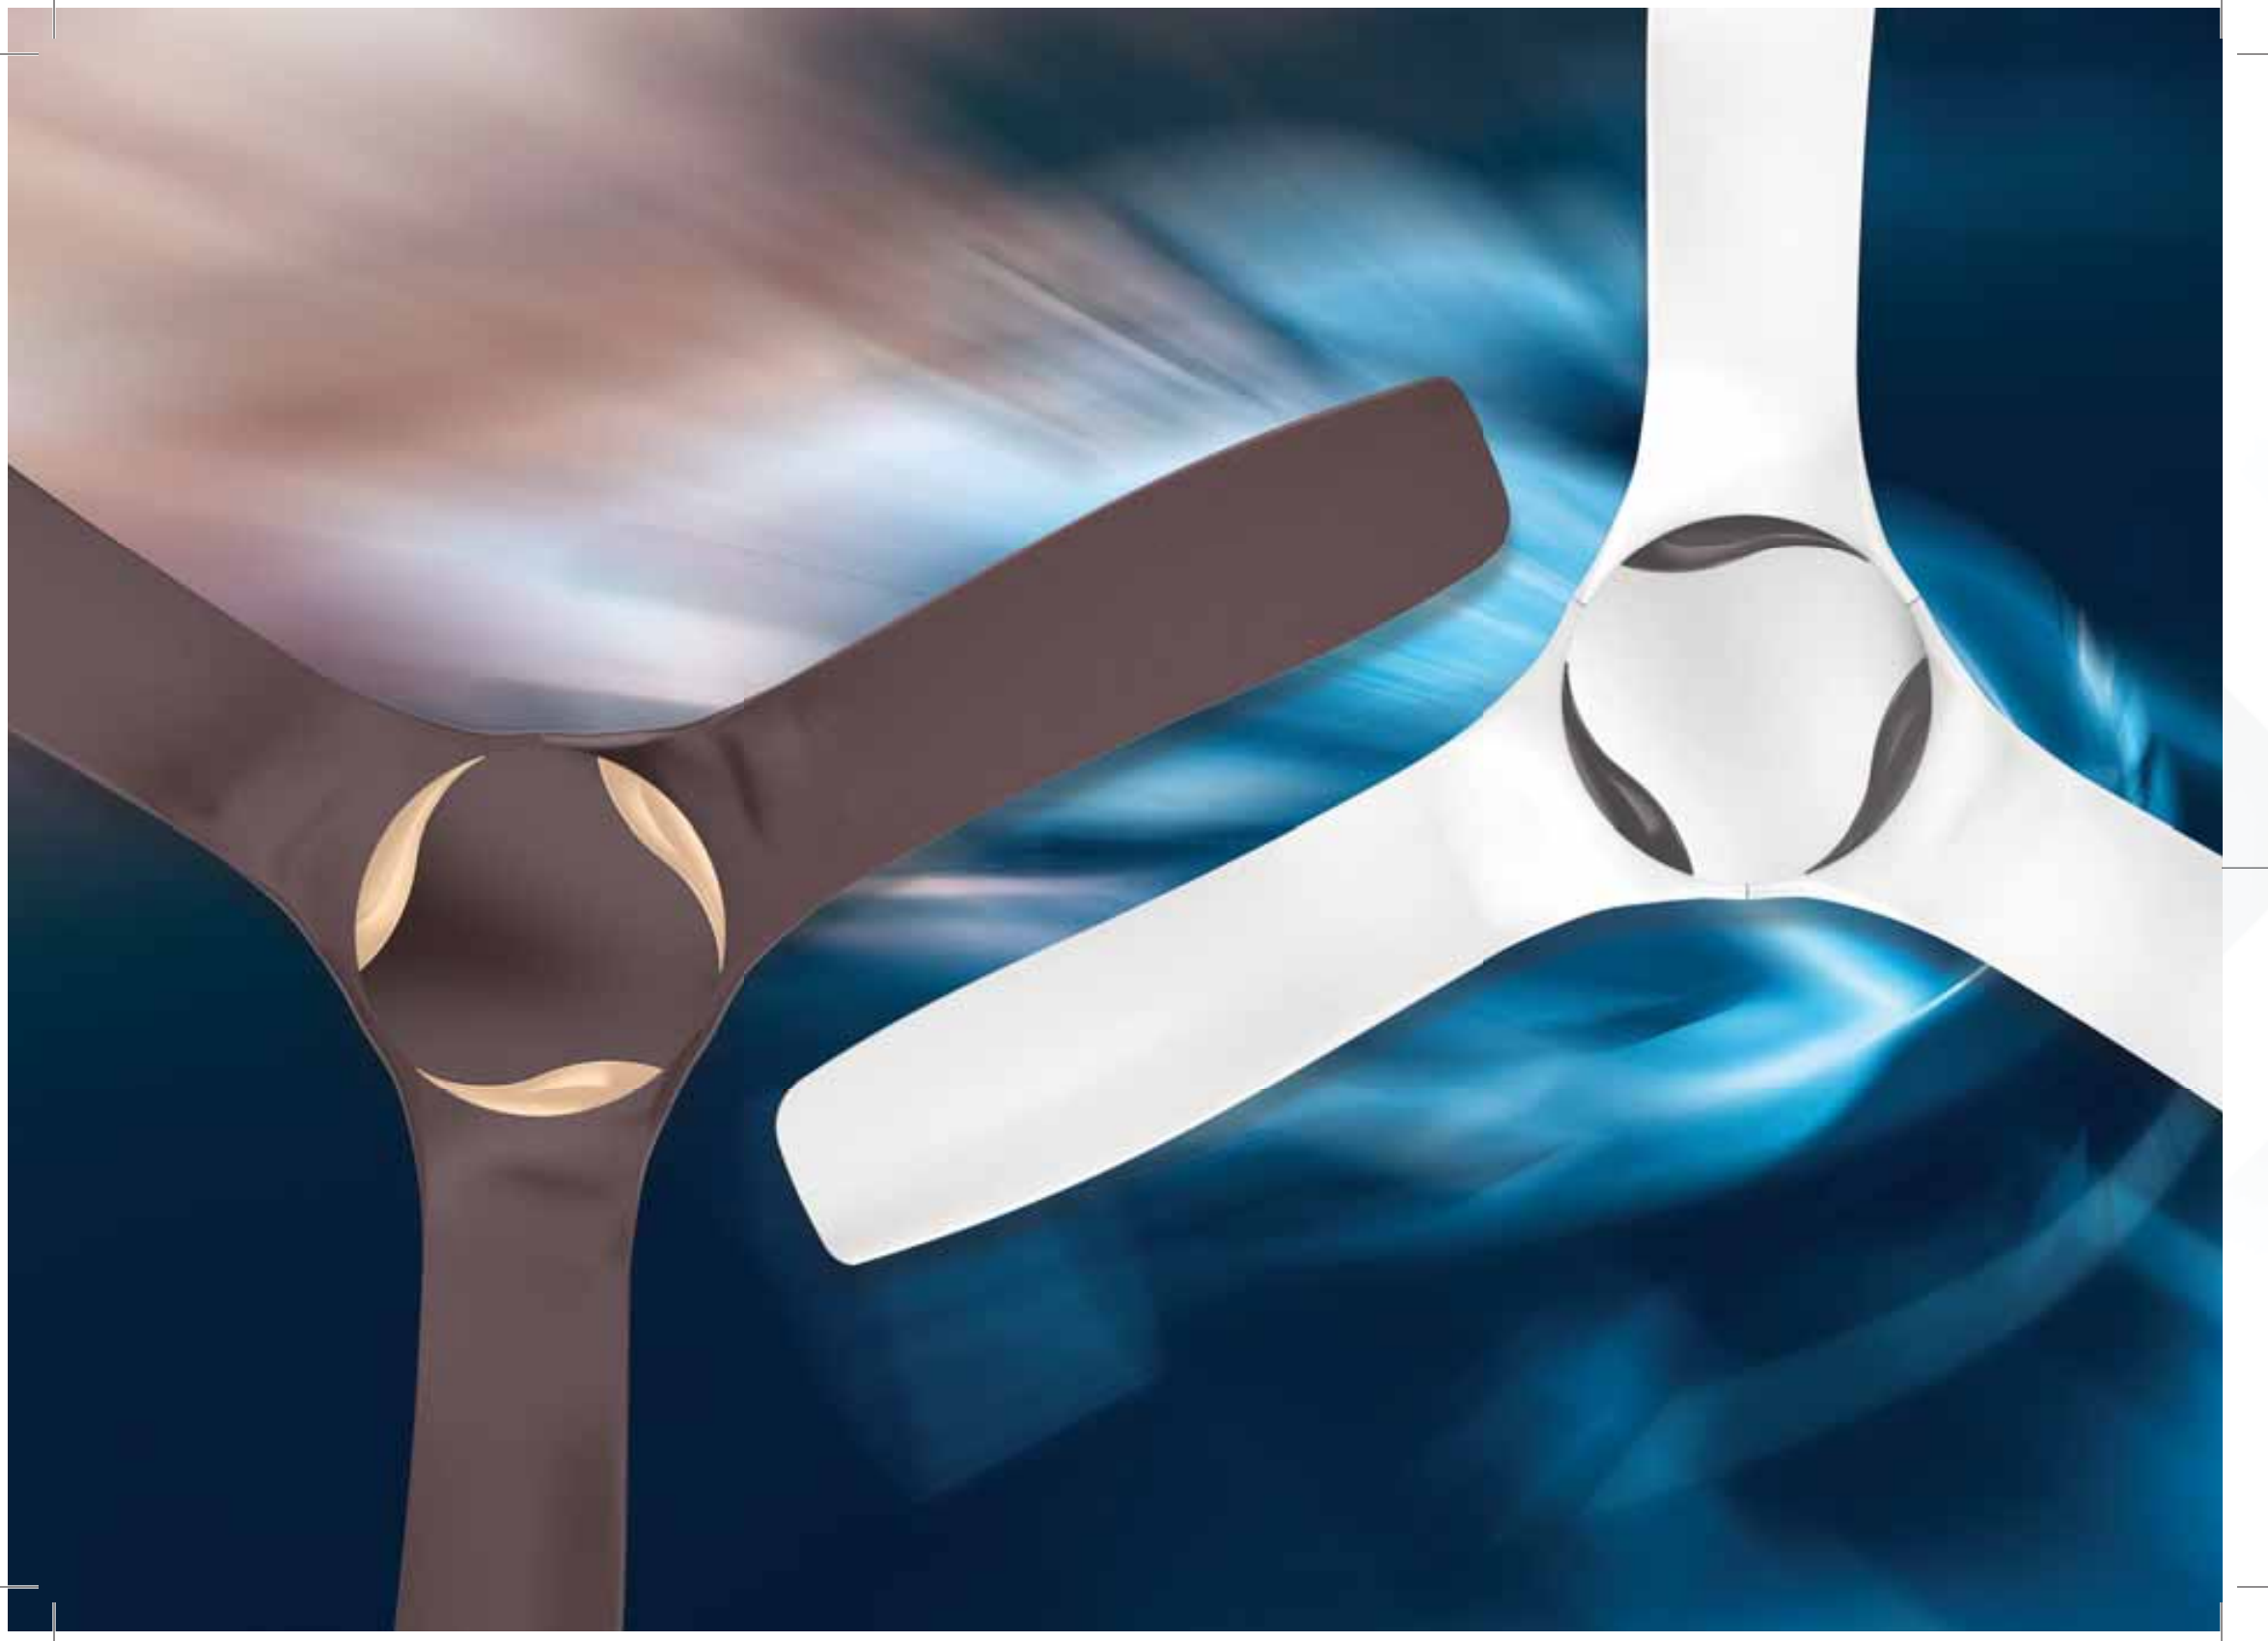

Pearl White

Indigo Blue

NOTE : Stealth Air is also available as  1 star with **ECO ACTIV TECHNOLOGY**.

STEALTH CRUISE

Metallic Black

Champagne Dusk

Indigo Blue

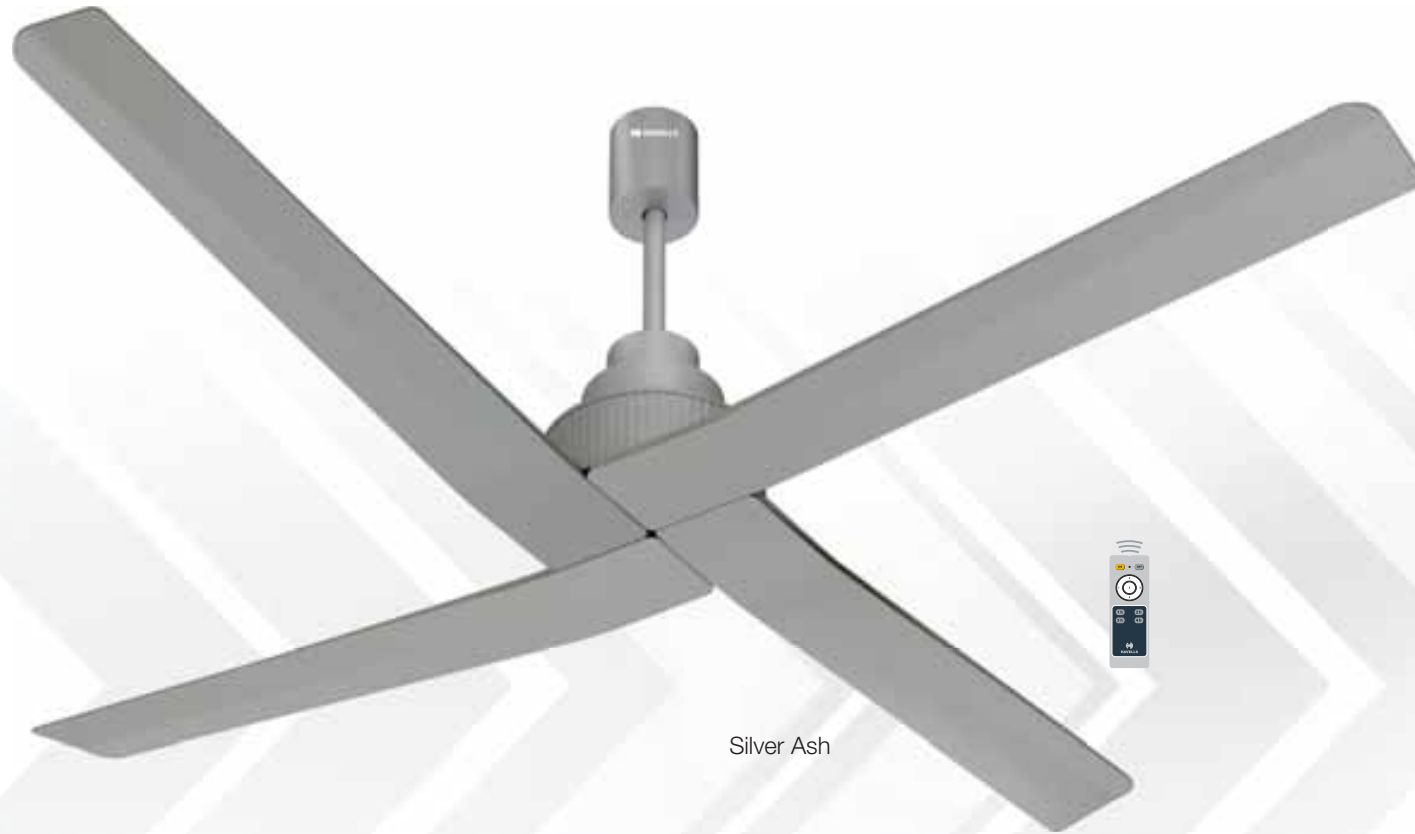

Pearl White

- Sweep 1320 mm
- Aerofoil profile reinforced ABS blades
- Strong 18 pole motor
- Metallic paint finish

AMAYA

Silver Ash

BLDC INVERTER
TECHNOLOGY

- Italian Design.
- Compound ABS blades for high strength, silent operation and better air delivery.
- RF type Remote control operation for all direction sensing.
- In built voltage stabilization to give constant performance at lower voltages.
- First Rivet-less fan in the industry.
- PU painted premium finish blades
- Memory back up for last setting in power failures
- Timer setting for 1h, 2h, 3h, 4h
- 5 Star with BLDC Inverter Technology

Satin White

EFFICIENCIA DX

Brown

BLDC INVERTER
TECHNOLOGY

- ECO BLDC technology motor
- Memory back up for last setting in power failures.
- 5 Star with BLDC Inverter Technology
- RF Remote control operation with 5 speed control.
- In built voltage stabilization to give constant performance at lower voltages.
- Memory back up for last setting in power failures
- Timer setting for 1h, 2h, 3h, 4h

White

Bianco

BIANCA BLDC

Espresso Brown

Gold Mist

Sapphire Silver

Pearl White

Slate

- 5 Star energy efficient motor
- Premium Metallic paint finish
- PU paint and metallizing on plastic trims and body ring for premium aesthetics.
- Wider blades for better air delivery.
- Premium 3 step canopy for better looks.
- Hi speed motor for better air thrust.
- Dust resistance coating on blades for easy cleaning

NOTE : Bianca is also available as  1 star with **ECO ACTIV TECHNOLOGY**.

BIANCA ART

Gold Mist Dull Gold

- 1 Star energy efficient motor
- Premium Metallic paint finish
- In mould design on plastic trims and body ring for premium aesthetics.
- Dust resistance coating on blades for easy cleaning
- Wider blades for better air delivery.
- Hi speed motor for better air thrust.

Pearl White Nickle

FESTIVA PRIME

BLDC

Dusk Chrome

BLDC INVERTER
TECHNOLOGY

- 5 Star energy efficient motor
- UV metalized Body ring and Trim for premium looks.
- High speed motor for more air thrust
- Metallic paint finish
- Wider blades for better air thrust
- Dust resistance coating on blades for easy cleaning

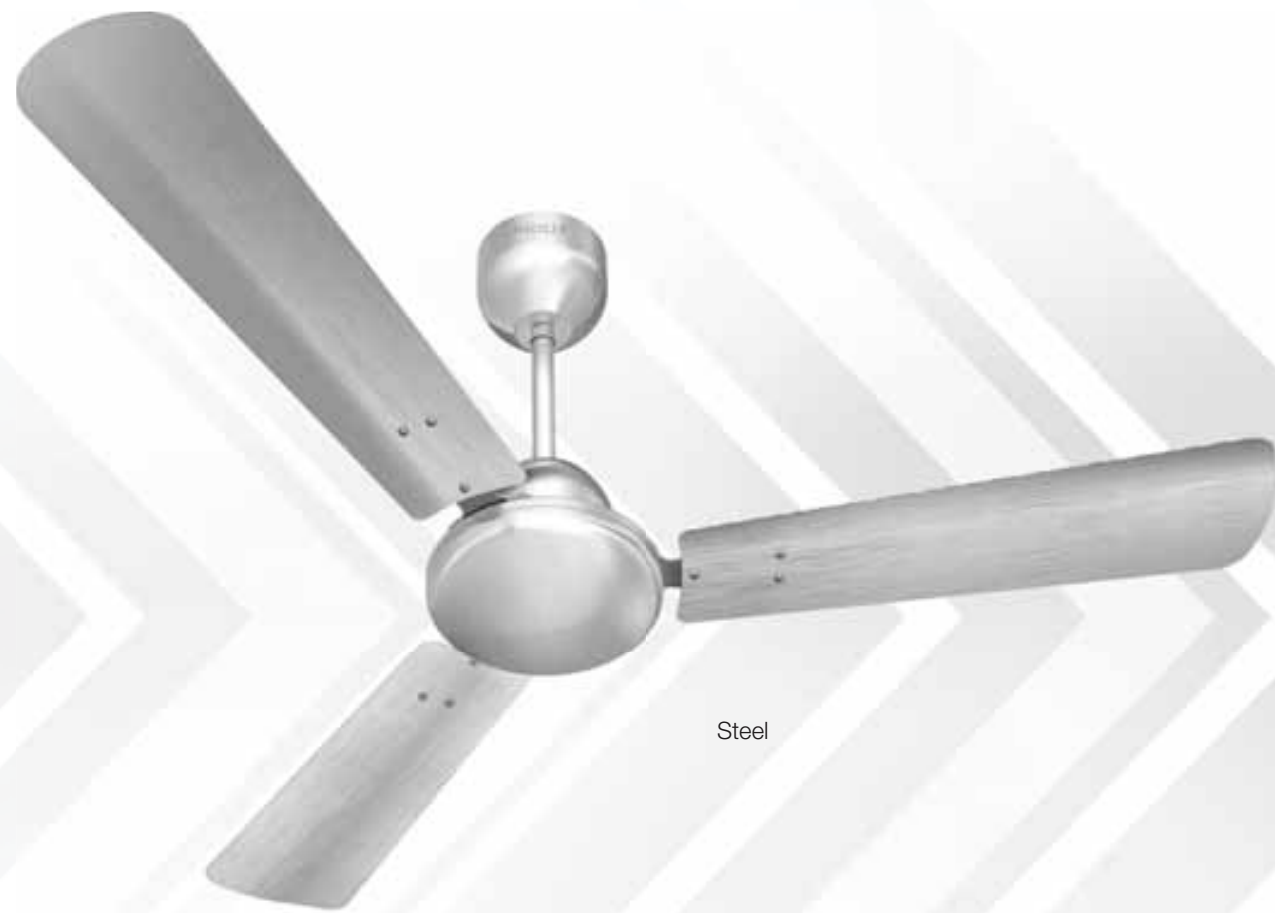

Beige Cola

Pearl White Lt. copper

NOTE : Festiva Prime is also available as  1 star with **ECO ACTIV TECHNOLOGY**.

FAN-TA-STEEL

Steel

ECOACTIV
TECHNOLOGY

- Premium 100% RUST-FREE Stainless-Steel
- Wider blades for better air delivery.
- Brushed / Glossy finish of Steel

TRINITY i

Dusk LT copper

Metallic Cream Nickle

- Alexa and Google home connectivity
- Smart Digital display for better user experience
- IoT enabled Smart fan
- Timer setting for 2h, 4h, 6h, 8h Five level speed control
- Scheduler setting through App to switch OFF fan at required time
- Smart Mode to sense temperature & humidity in room & adjust speed
- Modes like Sleep & Breeze -for night comfort and natural breeze type effect
- Remote and Mobile App for fan operation - Separate remote control along with mobile app to control fan operations

NOTE : Trinity is also available as  5 star with **BLDC INVERTER TECHNOLOGY**.

EFFICIENCIA PRIME

Bianco

BLDC INVERTER
TECHNOLOGY

- ECO BLDC technology motor for low power consumption.
- Memory back up for last setting in power failures.
- 5 star rating with BEE approval.
- RF Remote control operation with 5 speed control.
- In built voltage stabilization to give constant performance at lower voltages.
- Timer setting for 1h, 2h, 3h, 4h

Espresso Brown - Lt. Copper

ECOACTIV
TECHNOLOGY

- Metallic paint finish
- ECO ACTIVE BLDC motor for less power consumption.
- 5 Star fan with energy efficient BLDC motor.
- IR type remote control operation for all direction sensing.
- 3-piece canopy for premium looks.
- Dust resistant coating on blades for easy cleaning.
- UV metalized coating on trim and body ring for premium finish.
- In built voltage stabilization to give constant performance at lower voltages.

MILOR BLDC

Dusk

ECOACTIV
TECHNOLOGY

- ECO ACTIVE technology BLDC motor for less power consumption.
- 5 Star fan with energy efficient BLDC motor.
- RF type Remote control operation for all direction sensing.
- In built voltage stabilization to give constant performance at lower voltages.
- Memory back up for last setting in power failures
- Timer setting for 1h, 2h, 3h, 4h
- 3-piece canopy for premium looks.
- Metallic paint finish

NOTE : Milor is also available in  1 star

Pearl White

Pearl Ivory Gold

EQUS BLDC

Smoke Brown

BLDC INVERTER
TECHNOLOGY

- ECO ACTIVE technology BLDC motor for less power consumption.
- 5 Star fan with energy efficient BLDC motor.
- RF type Remote control operation for all direction sensing.
- In built voltage stabilization to give constant performance at lower voltages.
- Wider blade for better strength and air delivery.
- Memory back up for last setting in power failures
- Timer setting for 1h, 2h, 3h, 4h

Bianco Bronze

White Maroon

NOTE : Equis BLDC is also available in  1 star

ASTURA BLDC

Bianco Bronze

BLDC INVERTER
TECHNOLOGY

- ECO ACTIVE technology BLDC motor for less power consumption.
- 5 Star fan with energy efficient BLDC motor.
- RF type Remote control operation for all direction sensing.
- In built voltage stabilization to give constant performance at lower voltages.
- Wider blade for better strength and air delivery.
- Memory back up for last setting in power failures
- Timer setting for 1h, 2h, 3h, 4h

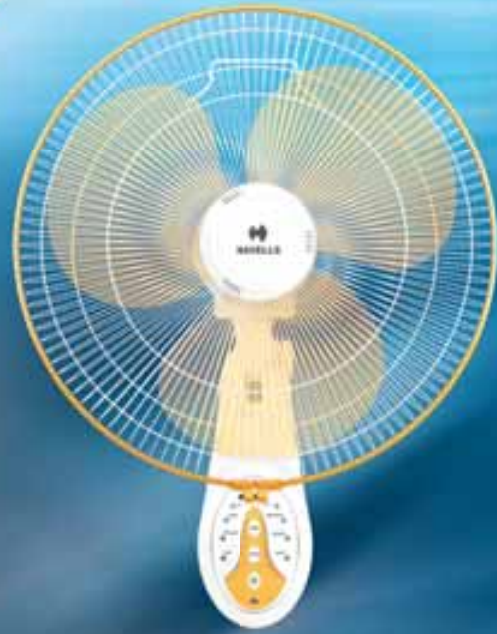

Smoke Brown

White Maroon

NOTE : Astura BLDC is also available in  1 star

The background features a dark, deep blue field with several bright, ethereal light trails. These trails are composed of soft, glowing bands of light in various shades of blue and white, creating a sense of movement and depth. The light trails appear to be flowing or radiating from the left side of the frame towards the right, with some trails being more prominent and brighter than others. The overall effect is reminiscent of a starry night sky or a futuristic, high-tech environment.

OTHER NEW ARRIVALS

SPRINT BLDC

- ECO BLDC technology motor for 50% less power consumption.
- Remote control operation.
- Sleep & Breeze modes for your comfort
- In built voltage stabilization to give constant performance at lower voltages.
- Motorized oscillation for smooth swing operation.
- Memory back up for last setting in power failures
- Timer for 2h, 4h, 6h, 8h

White-Yellow

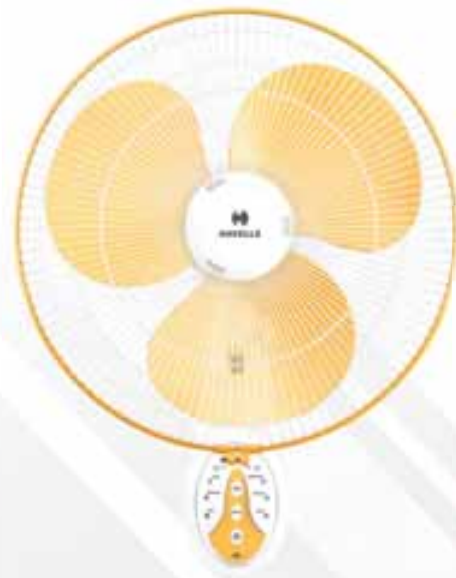

Grey-Wine

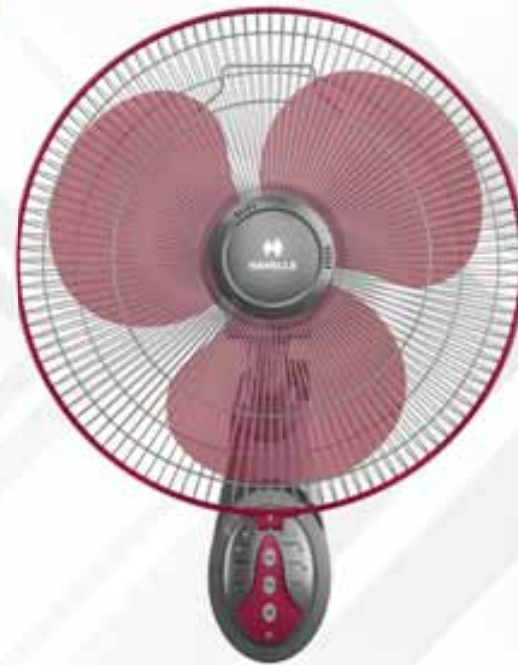

White-Blue

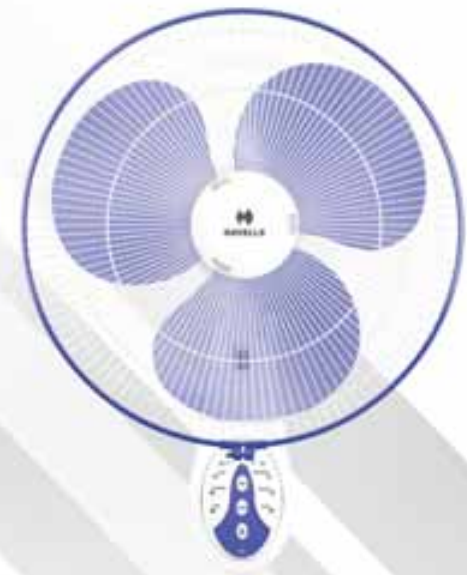

PLATINA BLDC

White-Yellow

Grey-Wine

White-Blue

- ECO BLDC technology motor for 50% less power consumption.
- Remote control operation.
- Sleep & Breeze modes for your comfort
- In built voltage stabilization to give constant performance at lower voltages.
- Motorized oscillation for smooth swing operation.
- Memory back up for last setting in power failures
- Timer for 2h, 4h, 6h, 8h

PENTAFORCE

- 5 Leaf blade for higher air thrust
- Premium high gloss finish for better aesthetics
- Wider oscillation angle
- Height adjustment
- Thermal overload protector in motor
- 120 minute timer control
- 3 step speed control

Grey-Wine

White-Green

MARVEL WIND HS

White-Blue

White-Yellow

- High speed motor for high air delivery
- Double ball bearing motor for durability
- ABS blades to ensure consistence performance over the years
- Premium high gloss finish for better aesthetics
- Wider oscillation angle
- Premium Deco sticker on Switch box
- Thermal overload protector in motor
- 3 speed & oscillation control through pull cord
