THE WORLD'S LARGEST  
SELLING TABLE TOP WET GRINDERS.  
**PROOF THAT PEOPLE LOVE QUALITY.**

**PERFECT<sup>+</sup>**

**GRIND<sup>+</sup> GOLD**

**DURA<sup>+</sup>**

**FEATURES**

- 100% food grade stainless steel for 100% rust free batter.
- Conical stones for less heated batter.
- Easy locking system.
- Virgin ABS body for light weight, longer life and better looks.
- Service at your doorstep by company trained engineers.

THE  IN YOUR KITCHEN

## Dear Customer,

Congratulations! You are now the proud owner of India's most technically advanced wet grinder - Ultra Bigg+

Your Ultra Bigg+ is designed for economy, efficiency and exemplary performance. Years of research has made your Ultra Bigg+ a convenient kitchen equipment, which is light in weight, portable and table-top without compromising on quality or capacity.

Ultra Bigg+ comes to you from Elgi, a group that has set standards in the 90 years of its existence. For your convenience, service points are listed in back cover page of this booklet.

We wish you many happy years with your Ultra Bigg+ and hope that it will lead on to a lifelong relationship.

Yours at Ultra.

### **INSTRUCTION MANUAL-CUM-WARRANTY CARD**

Please retain this manual and present the same to the Ultra Service Points /  
Authorised Service Centre for availing Warranty Service on your grinder.

THE + IN YOUR KITCHEN

## Caution

Do not run the grinder if operating conditions are not normal. In case of any mechanical faults call your nearest Authorised Ultra Service Point / Dealer. Do not attempt to repair it yourself.

## Operating Instructions

Please follow the instructions carefully before attempting to operate the appliance.

We recommend that the ideal soaking time for the medium to be ground is a minimum of four hours, which will vary according to the quantity and quality of the medium.

Rice and Dhal Grinding Information for Big+										
Grinding Medium	Load condition	Measurements before soaking		Soaking Time in Hrs.	Measurements after soaking		Water to be added in ml.	Grinding time in minutes	Batter Measurements	
		Wt. in gms.	Vol. in ml.		Wt. in gms.	Vol. in ml.			Wt. in gms.	Vol. in ml.
Rice	Minimum	220	250	4	330	400	180	10	380	400
	Maximum	1570	1840	4	2050	2500	1150	30	2670	2800
Dhal	Minimum	90	100	2	210	300	170	10	350	900
	Maximum	390	400	2	820	1200	750	30	1500	4000

\* Results under lab test conditions and may vary with actuals

## Grinding Instructions

Rice and Dhal should be ground separately.

For better grinding result, do grind Rice first and Dhal next.

Use only shredded coconut for grinding.

THE + IN YOUR KITCHEN

## SOME VALUABLE TIPS FOR YOUR INFORMATION

### ✓ Do's

- Always keep the appliance clean and dry.
- Disconnect the electric cord from the mains when the appliance is not in use.
- Use the appliance only as specified in this manual.
- Close supervision is necessary when the appliance is being operated in the presence of children and handicapped persons.
- Keep the appliance away from heat sources.
- Lift the appliance at its base.
- Store the appliance in its original carton, if not in use for a long time.
- Clean drum and roller holder assembly thoroughly after every use and place it in the machine.
- Keep the grinder in unlocked position while not in use.
- Keep the wiper position as shown in the diagram printed on arm lid.

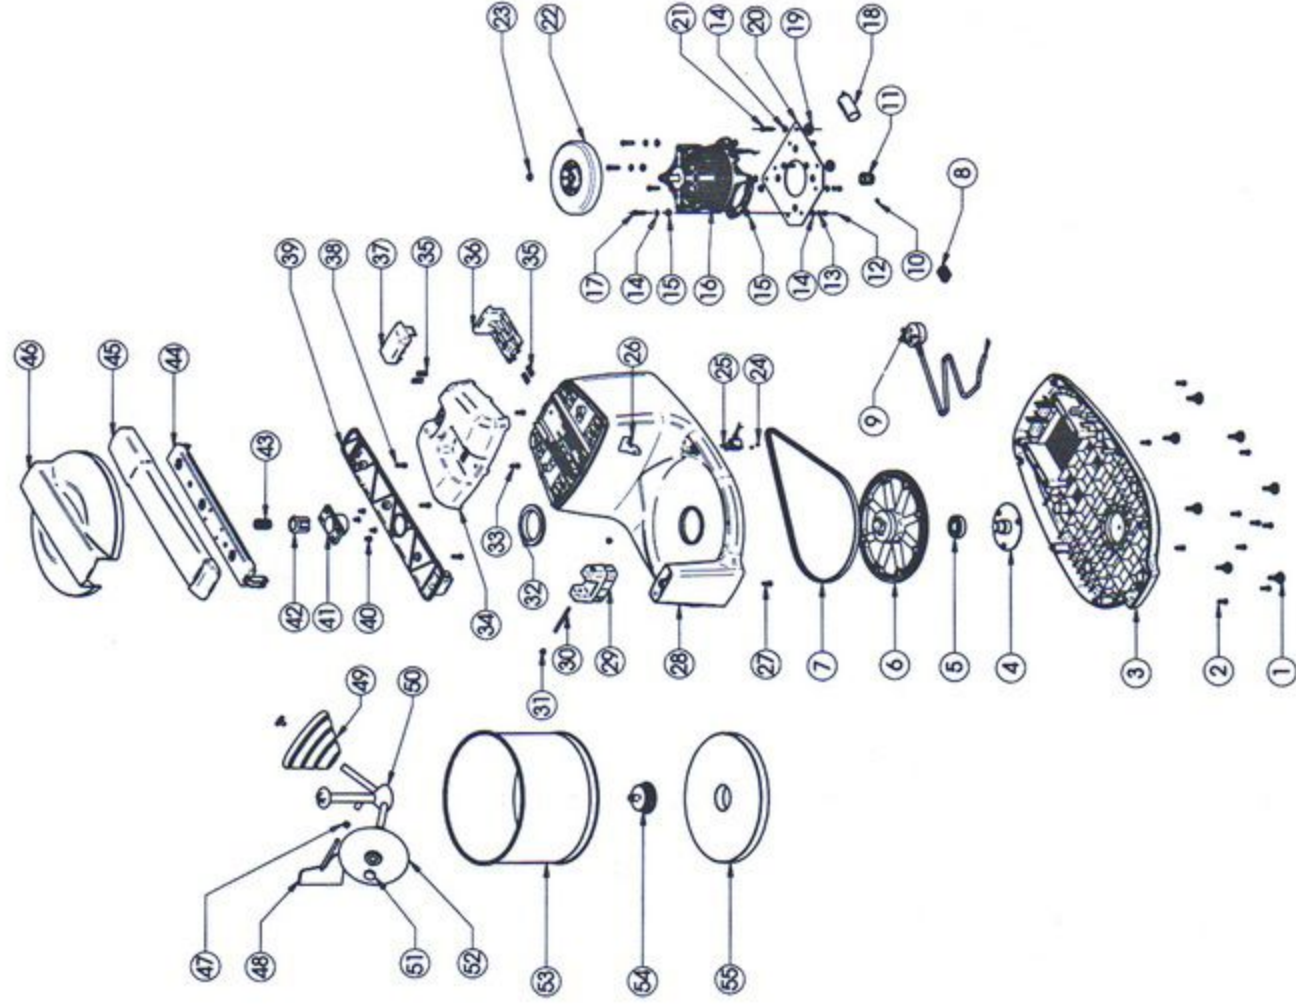

### ✗ Don'ts

- Do not run the grinder empty for more than a minute.
- Do not use any other attachments except those provided by the manufacturer.
- Do not put your hand into the drum while the appliance is in operation.
- Do not attempt to unlock the arm while the appliance is in operation.
- Do not pour water on the appliance for cleaning. It is recommended that a damp sponge be used for this purpose.
- Do not attempt to lift the appliance while it is in operation.
- Do not attempt to repair the appliance yourself. In case of any fault, contact our nearest Dealer / Service Point.
- Do not insert any sharp object into the slits provided. This may damage the parts inside.
- Do not lubricate any plastic parts with oil / grease.
- Do not keep the drum up side down after washing.
- Do not attempt to lift the Roller Stone Assembly using Wiper.

**The Multi Function Table-Top Grinder**

Besides grinding Rice and Pulses, the Ultra Bigg+ can also be used for

- i) Preparing Chutneys
- ii) Preparing Kurma Masala
- iii) Preparing Dhal batter for Vadas

**Additional Attachment (Optional)**Atta Kneader  
Coconut Scraper**Technical Data**

MOTOR	- 149W SINGLE PHASE 1350 RPM
VOLTAGE	- 230V Ac 50 Hz
NETT WT. OF GRINDER ONLY	- 14.5 kg
CAPACITY	- 2.5 lts of Soaked Rice

Product specifications are subject to change in view of continuous design up gradation.

## Sequence of operation

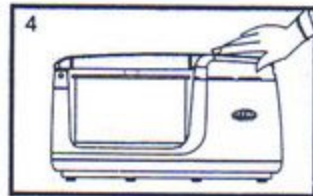

Clean drum assembly thoroughly

Place drum on pulley coupler. Gently rotate till drum fixes itself

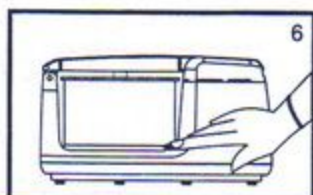

Place the roller assembly in the drum in position as indicated above

Close the arm and press gently to automatically lock.

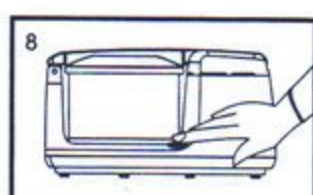

Pour a cup of water into the drum

Press the switch downwards to turn on the appliance.

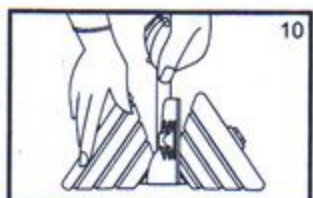

Add the grinding medium in small quantities with adequate water and place the hatch.

When required consistency is achieved, switch off the appliance.

Remove hatch hold the arm and press lock to release, then swing the arm upwards and rest it suitably

Remove roller assembly and wipe down the batter

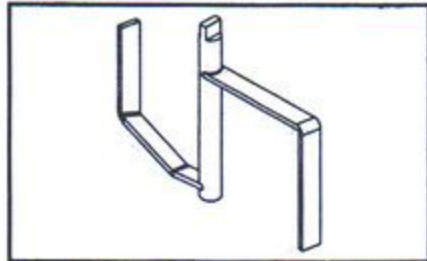

Remove the drum and use required amount of batter. The rest can be stored in your refrigerator.

**Note :** Pulses/cereals to be ground should always be added in small quantities to ensure even grinding.

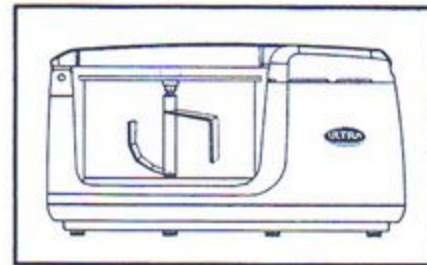

## Additional Attachment (Optional)

### Atta Kneader

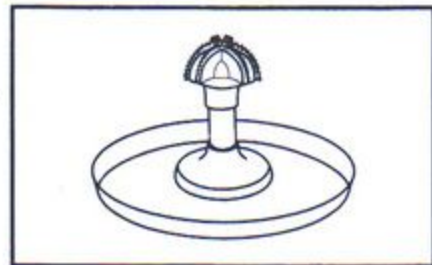

Effectively kneads atta to the right consistency. The Ultra Atta Kneader makes your rotis, puris and parathas softer and tastier.

### Operation

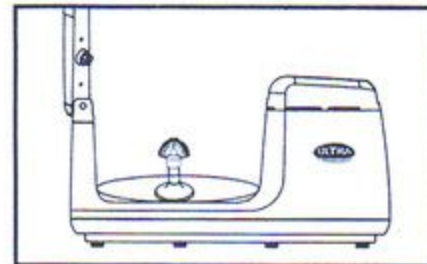

Remove Roller stones and place the atta kneader in the drum. Lock the arm and feed approx 350 gm of atta through the opening provided. Pour little water and switch on the appliance. Add little oil and salt to taste. Add water drop by drop till you get the required consistency.

### Coconut Scraper

This conical attachment scrapes coconut to absolute fineness for tastier chutneys

### Operation

Remove the drum. Now place the bowl on the shell. Ensure that the bowl and coconut scraper are clean and dry. Now fix the coconut scraper onto the coupler. Take one half of the coconut, hold it firmly on the scraper and switch on the motor. Now you will get fine pieces of coconuts. Move the coconut suitably against coconut scraper for complete scrapping. After scrapping is over, clean the coconut scraper thoroughly and remove the same along with bowl.

## Trouble Shooting Chart

WHAT'S WRONG	REASONS	WHAT TO DO
Unit does not run	No power supply	Check mains
	Wire cord loose connection/motor failure	Contact nearest service point
Unit starts but drum stops suddenly	Overloading of medium	Remove medium and add in small quantities
	Low belt tension	Contact nearest service point
	Insufficient water	Add water as required
Unit is noisy	Incorrect wiper position	Check and correct the wiper position as printed on arm lid
Increase in grinding time	Excess quantity, insufficient soaking time.	Reduce quantity or check manual for correct operation.
	Incorrect wiper position.	Check and correct the wiper position as printed on arm lid
	Low voltage.	Operate at 230 V Ac 50 Hz
	Low belt tension	Call Service Point
Unit overheating	Motor housing air vents blocked.	Use a dry brush to clean air vents
	External heat source.	Check
Vibration	Uneven platform	Check level
Unit/ Drum smells	Motor burnt.	Call service point
	Drum / Roller Holder Assembly not cleaned well.	Clean
Unit stops automatically when it is switched on	Faulty switch	Call service point
Arm does not lock	Roller assembly not cleaned well.	Unscrew roller and clean under running water
Roller not rotating	Roller not cleaned properly after use.	Unscrew roller and clean under running water.
	Excessive loading / insufficient water	Remove excess material
	Roller stuck on pin	Unscrew roller pin and clean

In case of abnormal operating conditions, contact the nearest Ultra Dealer / Service Point

## WARRANTY

Elgi Ultra Industries Limited guarantees this product for normal home use against defects in materials or workmanship for a limited period of 5 years from the date of original retail purchase. During this period Elgi Ultra Industries Limited has the option to either repair or replace parts free of charge if this product is returned personally or sent through prepaid courier to any Ultra Service Point / Authorized Service Point along with proof-of-purchase and guarantee card duly filled in by the retailer. The decision of Ultra Service Points / Authorized Service Points in determining the cause of failure and repairs required to be carried out will be final and binding under this warranty and cannot be canvassed either by dealer or the retail purchaser on any ground whatsoever. The warrantor shall not be liable for any transportation cost or any damage due to or during transit of the product either way. Repaired units in warranty will be returned to the consumer at his risk and on freight "to pay" basis.

This warranty shall not apply to

- Wear and tear to the product
- Involved in an accident
- Sold away by the consumer to any other party
- Tampered with or repaired by someone other than our Authorized Service Centre
- Used in commercial activity
- Misused by the consumer or used in a manner contrary to the instructions mentioned in this manual
- Service charges / labour charges for any rectification/repair

In no event will Elgi Ultra Industries Limited be responsible for any loss or damage, direct to consequential resulting from the careless, negligent or misuse of this product. This warranty is expressly in lieu of all other warranties expressed or implied (statutory or otherwise) and of all other obligations or liabilities on the company's part. No person, agent, distributor, dealer, service centre or company is authorized to change, modify or extend the terms of these warranties in any manner whatsoever.

The company's liability under this warranty is restricted to either repair or substitution of the complained product and not for any monetary payment or damages. Any doubt / disputed claim under this warranty shall only be subject to arbitration by an Arbitrator appointed by ELGI ULTRA INDUSTRIES LIMITED, COIMBATORE. The arbitration shall be at Coimbatore only.

**Warranty is applicable only for purchase made through authorized outlet in the country of purchase.**

**The design, specifications and price are subject to change without prior notice.**

**The above warranty is applicable only for materials/components and not Service/Labour charges incurred in rectification/repair.**
