DUAL CONNECTION

Turn on your first phone's **bluetooth**, search for "Noise Airwave Max 5" and make a pair connection.

Complete pairing with the 1st phone (or tablet/computer).

Short press the power button for 3 times to put headphones into pairing mode.

Connect to "Noise Airwave Max 5: in the **bluetooth** list of your second device.

Note: The headphone can only **play** music from one device at a time. There may be momentary **delay** when switching devices due to different brands/versions and their compatibility.

If one of the devices disconnects after dual connections, the headphones **will** remain connected to the other device and **will** attempt to reconnect to the disconnected device within 10 minutes.

WIRED PLAYBACK

Use the included audio cable to connect the headphones to your device and control audio playback on it.

Note: The USB-C audio cable included with this product only supports audio transmission and should not be used for charging.

Some phones are limited by the system version, and you may not be able to use the headphones button and the microphone functions in wired mode.

WARRANTY

The warranty covers your Noise product, including accessories, against manufacturing defects (if any) for 1 year from the date of purchase.

Things that are not covered in the warranty are listed below:

Unauthorised tampering, modifications or repairs of the product.

Physical damage of the product on the account of abuse, handling, storage, installation or testing including any use that is not by the product manual or documentation or any other instruction provided along with the Noise product.

For further information on product replacement/refund-related queries, please refer to the terms and conditions mentioned in our online return policy section on www.gonoise.com.

SAFETY FOR YOU AND YOUR NOISE AIRWAVE MAX 5

Follow these tips to get the best out of your new Noise Airwave Max 5:

-  Do not expose the headphone to liquids, moisture, or humidity as they have electronics and batteries inside.
-  Do not try to disassemble your headphone. There are no user-serviceable parts inside it.
-  Do not use abrasive cleaning solvents to clean your new headphone. Wipe them down with a slightly damp cloth if and when necessary.
-  Avoid dropping the headphone and keeping them away from sharp objects such as keys in your pockets.
-  Do not expose the headphone to extremely high or low temperatures as this may damage the battery or even deform the plastic parts.
-  Only charge your headphone from 5V/1A ports such as phones and laptops or PC chargers.
-  Do not throw the headphone in a fire to dispose them. The internal battery may explode.
-  Avoid listening to music at a high volume or you may permanently damage your hearing.
-  Pay attention to your surroundings and never wear any headphone while riding, driving, or walking in traffic.
